Lake of Galilee. This sea, formerly called the Lake of Tiberias, or the Lake of Gennesaret, is situated in the northerly province of Galilee. On the shore of the lake, in former times, were many towns, among them being Tiberias, the principal town of the province. To-day, however, the western shores are almost deserted, dotted here and there with the ruins of former settlements. Much of the land bordering on the water's edge is devoted to the cultivation of fruit.
